

## SOUTHERN BAPTISTS

Hold Their Forty-Fifth Convention At Hot Springs, Ark., May 11th.

THOUSANDS IN ATTENDANCE.

More than 1,200 delegates were present at the forty-fifth meeting of the Southern Baptist convention at Hot Springs, Ark., May 11th and visitors were counted by the hundreds. Rev. Northern, of Georgia, was re-elected President of the body, which office he accepted in an eloquent and appropriate speech.

Pastor J. B. Moody, of Hot Springs, in his welcome address congratulated his brother Baptists in selecting the place of holding the convention at Hot Springs, the place of many waters, both hot and cold. He said that in view of their great love of water, the city had provided 500 places for free baths during their stay.

REPORT ON MISSIONS.  
The reports of all the boards showed that this has been a blessed year in mission work, not only in minor matters, but in the one great thing, the salvation of souls.

THE FOREIGN FIELD.  
The Baptists have been sending missionaries to China more than fifty years. They have 18 there now and both the educational and gospel work is progressing nicely. Much encouragement was reported.

Fifty-six baptisms during the year were reported by the missionaries in Africa.

The work in Japan, humanly speaking, was reported discouraging.

The evangelical meetings in Italy have resulted in much good. The missionaries there have devoted themselves exclusively to the work of saving souls.

The mission work in Brazil was begun in 1834 and has been greatly blessed. They have eight preachers and the work is carried on from five centers.

There are more ordained native preachers in Mexico than in any other field. 144 baptisms were reported in the Northern mission.

HOME MISSION.  
The report on finances was most gratifying, the year closing with a cash balance on hand of \$768.62.

The denominational papers were complimented and the Home Field commended.

Encouraging reports were heard from the frontier work. This work now means an effort to provide churches for the newly settled portions of our own land. This work promises speedy returns.

The question of missionary aid for the negro was discussed at length and the duty of the Southern Baptists in this regard was made manifest.

During the past year the Home Mission Board has appropriated \$9,546.93 for the work in Cuba.

SUNDAY SCHOOL BOARD.  
The past year has been the most successful ever known in Sunday school work. The gross receipts of this institution surpassed those of last year by five thousand dollars.

The Baptists of the south number a million and a half and feel now more than ever before their great responsibility and duty of giving the word of the Lord to the people.

After the reports were heard other business was taken up and the convention days were spent with much profit and pleasure to all.

The next meeting of the convention will be held at New Orleans and Bro. Mullins, of Kentucky, was appointed to preach the sermon with Bro. Felix, of Louisiana, as alternate.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for lists of testimonials.

### A Wonderful Hen.

Little Lou Pate, one of this section's noted farm people who lives about two miles below town, was in the city Monday. Mr. Pate was happy over a wonderful hen he is the possessor of. He told the following story: "I am the owner of the best hen in the country. I have a hen that lays two eggs a day and if she keeps this record up long I will get rid of my other birds and give my entire time to her."

## BECKHAM IS GOVERNOR.

COURT OF LAST RESORT DISMISSES WRIT OF ERROR.

Vote Stood Five to Four. Two Dissenting Opinions.

THE COURT HOLDS IT HAS NO JURISDICTION.

WASHINGTON, D. C., May 21.—The United States Supreme Court today handed down its decision in the Kentucky Governorship case of Taylor vs Beckham, deciding in favor of Beckham. The court affirmed the decision of the Court of Appeals of Kentucky, and dismissed the writ of error. The decision of the court was on the ground that it had no jurisdiction in the case.

GOV. TAYLOR DISMISSES THE MILITIA.

And Directs Gen. Collier to Surrender His Office to Successor Named By Beckham.

Following is his order issued Monday. "To D. R. Collier, Frankfort, Ky.: The Supreme Court of the United States having decided in favor of Mr. Beckham, nothing now remains to be done except to dismiss the militia and surrender your office to your successor, appointed by Mr. Beckham. You are therefore directed to at once dismiss the militia and surrender your office to your successor as soon as the mandate of the Supreme Court is filed, or sooner if you wish. Tender the militia my kindest regards and sincere thanks for their brave, manly and patriotic service. W. S. TAYLOR."

The order was at once communicated to Gen. Collier, and the militia is now being dismissed.

THE BECKHAM MEN AT FRANKFORT CELEBRATE.

FRANKFORT, KY., May 21.—The democrats received the news of the decision with wild cheers. The Beckham soldiers at the Court House shouted in wild frenzy and rang the Court House bell for thirty minutes with wildest frenzy. The fire department rang their bells which drew enormous crowds on the streets. A big crowd of Democrats headed by County Judge Dan Moore, marched the streets, blowing tin horns and shouting for Beckham.

The Taylor soldiers at the State House shouted and cheered as if they had heard good news that was favorable to their side, and their demonstration caused the Democrats much uneasiness for some time, but a direct message from Washington soon settled the matter.

Cannon or anvils were fired by the Democrats, and they will have a big jollification tonight.

### Facts for Tobacco Growers.

The following ten facts should be borne in mind by tobacco growers:

That tobacco must have good size to command good prices.

That poor land or poor cultivation makes short tobacco.

That lugs and all kinds of defective leaves sell low.

That it requires good land and good cultivation to get good sizes.

That it requires good leaves and proper firing and handling to make fine finished tobacco.

That a common crop, raised and handled in a haphazard way, never pays for raising.

That a small crop of good to fine, well finished, pays much better than a large crop of common.

That a large majority of countries using our tobacco want dark color.

That good sound leaves, nicely cured and of good size, always pay the planter a profit.—Ex.

## FREE BULLETIN BOARD.

Forty Years of Actual Service in the Bulletin Business.

A NEW ONE REPLACED.

Three feet from the corner of Mr. A. R. Fisher's drug store going west stands a mammoth and beautiful locust tree.

This tree in question has been a faithful servant to the citizens of this city and the general public of the county for many years, through the kindness of its owner, Mr. Fisher.

Twenty-five years ago or more a negro by the name of John Christian, or better known to the older people of this town as "Gimlet," nailed to the tree a large plank which has been in constant use by everyone until a few days ago as a "Free Bulletin Board."

Almost every kind of a document from "A Nigger Cake Walk" to a Commissioner's Notice of Sale has been tacked to the board and other kind which would take pages to enumerate.

"Gimlet" for years was a citizen of this place and it gave him great pleasure to accommodate the "white folks". The poor fellow has passed away, but his kind deeds are still treasured by his friends.

In those days Cloverport had no saloons but the drugstores sold the beverage. "Gimlet" was always called upon to deliver parcels of this character. He made numerous trips across the Ohio to what is known as Tobinsport. He possessed a strong appetite for the liquid and complaints continually were made by the purchaser to the druggists.

"Surely Mr. — you don't want your goods? The answer was "certainly not."

"Gimlet's services were still continued and on one day several bottles of whiskey were ordered to Tobinsport and the druggist to satisfy himself and his patrons, sent two or three spotters to the wharf to watch "Gimlet's" actions. About midday of the river "Gimlet" began to soothe his craving thirst. He would drink probably one half of its contents and replenish the bottle with Ohio water.

Through this tree Mr. Fisher has been the recipient of extensive free advertising. When anyone had a poster or a notice to be posted in a conspicuous place, the name of Fisher's drug store is first mentioned. There has not been a time within the last forty years that a bill of some kind hasn't been tacked to the board. A new one has been completed and put up instead of the old one, for free service to the public.

Rheumatism is conceded to have its origin in a poisoned condition of the blood and to be most successfully treated by HERBINE, which acts upon the liver, kidneys and other blood purifying organs, thereby diverting the system of the offending agents. Price, 50 cents.

### MANY DESCENDANTS.

"Grandma" Stinnett, of Waitman, Boasted Two Hundred And Twelve Descendants.

Waitman, Ky., May 21. Special.—Grandma Stinnett, whose illness was mentioned last week, died at the home of her youngest son, Mr. Al Stinnett, Tuesday, May 15th. She was a member of the Baptist church for more than fifty years and her funeral was conducted by her pastor, W. H. Dawson. She was buried in the old Iron Hill cemetery.

Mrs. Stinnett was the mother of thirteen children, six of whom survive her. Counting children, grandchildren and great grandchildren, she could boast two hundred and twelve descendants.

The easiest and most effective method of purifying the blood and invigorating the system is to take DeWitt's Little Early Risers, the famous little pills for cleansing the liver and bowels.—A. R. Fisher.

### A Tribute.

"I want to stop in front of this window," said Mr. Blykins.

"Why it full of millinery!" exclaimed his wife. "I didn't know you admired such things."

"I not only admire: I marvel. I take off my hat to genius, and the people who can get \$20 apiece for a lot of bunches of odds and ends like those are qualified to give lessons to a Napoleon of finance."—Washington Star.

## VACATION TIME.

School Closes Today With A Picnic At Oglesby's Grove.

INTERESTING CURRENT TOPIC CLASS.

The Cloverport High School closes today with a picnic in the Oglesby grove below town.

Miss Ella Robertson will leave Thursday for her home at Glendene to spend the summer.

Mr. E. M. Rowland will leave on the boat Thursday morning for his home at Ensor, Daviess county and Prof. Maple will leave on the up river boat for Louisville.

Examinations were concluded Monday and the results in most cases have been entirely satisfactory to both pupils and teachers. Often examinations are more forms but realizing that pupils are often permanently injured by a too rapid advancement the examinations have been made unusually rigid, but the pupils went to work with a hearty good will and many averages exceeded 90.

A current topic class has been maintained during the spring and one of the most interesting examinations was the one in topics of the day.

Miss Mary Jarboe, Miss Pearl Mays and M. E. Rowland went to Hardinsburg Friday to take the Teachers' Examination, and returned Sunday. They pronounced the questions very fair with the exception of arithmetic.

Sound advice to those who have kidney and bladder troubles, is to take a safe, sure medicine like Foley's Kidney Cure. It always benefits the kidneys.—Moorman & Owen.
